

The Brazilian Oak (Tauari) series of our Home Collection of Prefinished Import Engineered Flooring includes twelve colors inspired by Norwegian design. The bright light and elegant dark tones always highlight the warmth of the wood. Inspired by the simple contemporary style of Nordic decor, with colors ranging from white, beige, caramel, coffee brown, and black. In this collection, 5-1/4" and 7-1/2" wide planks are available in 12 shades with a matte finish.
