

HOME COLLECTION | Prefinished Import Engineered Flooring

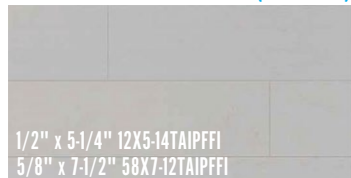

CLASSICS

These H.I. products are produced using low-emitting eco-friendly materials.

Our Home Collection Classics Series of Prefinished Import Engineered Flooring include the tried-and-true popular species from Brazil (South America). Known for their style, strength, and vibrant colors. The Classics series will add style and warmth to any room. Several plank sizes are available in a variety of species and color shades, with a matte finish.
